GRATITUDE TO UPPER DUBLIN'S "HELPING HANDS"

The "UD Storm Damage 9-1 Helping Hands" crews have been working week-in and week-out since the first week of September. Many of the volunteers sustained damage to their own homes and

properties, and yet that didn't stop them from jumping in to help their neighbors. A group of almost 40 volunteers (including UD Friends) arrived on a beautiful Sunday morning, and cleared an incredibly massive amount of green debris for pick-up by FEMA and PEMA. Such gratitude!

TOGETHER WE ARE STRONGER!!!

Reminder: We continue to meet in Zoom on Tues & Thurs @7PM, and Sun @ 10AM for M4W. Email us at UpperDublinQuakers@gmail.com for the Meeting ID and link.

The Twelfth Query

Witnessing in the World:

Witness & Civic Responsibilities

What is our Meeting doing:

- To become aware of systemic legal, economic and political injustices in our local community?
- To build relationships with other faith communities around common concerns?
- To reduce polarization within the larger community?
- To work together with others to address injustice?
- To assist in restoring public recognition that government fulfills legitimate functions?

Personally:

- Am I mindful of how my lifestyle, work-life, and investments affect others?
- Am I open to seeking clearness on matters of conscience? Am I open to assisting others in doing so?
- Do I fulfill my civic responsibilities when they do not conflict with divine leading?

Happy Birthday to:

Dawn (12/21) and
Ben (12/31)
